

## Sponsorship Opportunities

### About Scottish Autism

Scottish Autism is an organisation dedicated to enabling autistic people to lead happy, healthy and fulfilling lives.

Established in 1968 by a group of parents, we are now the largest provider of autism-specific services in Scotland and a leading authority and advocate for good autism practice. Our vision is a world where autistic people are understood and enabled to lead meaningful and fulfilling lives as valued members of the community.

We also seek to share our knowledge and expertise with parents, carers and other professionals in order to support the development of skills and strategies needed to provide the best care and support for autistic people.

Following on from the success of our International Conference 'Innovation in Autism Practice: The Future is Calling', Scottish Autism is pleased to announce a further, one day conference to take place in the Grand Central Hotel, Glasgow on 14 November 2019.

'Innovation in Autism Practice: The Future is Here' seeks to explore how our evolving understanding of autism can and should influence service provision. We will place autistic perspectives and experiences at the heart of these discussions.
